OVERVIEW

Welcome to the Financial Data Professional (FDP) Institute Charter program. This Candidate Handbook is provided to help FDP Candidates navigate through the FDP Charter program.

Once you have decided that you are interested in participating in the FDP Charter program, you should take the following steps:

- Carefully read this entire [Candidate Handbook](#).
- [Register](#) for and purchase an exam from the FDP Institute; review the confirmation email upon receipt. Registered Candidates will gain access to the [Reserve Your Exam Seat](#) page. Then, follow the instructions to schedule your exam appointment through Prometric, FDP's global test administration provider.
- Obtain the [Curriculum Materials](#).
- Read the [Candidate Study Guide](#). For each topic, the Study Guide contains learning objectives and keywords that define the curriculum content eligible for inclusion on the exam.
- Study for the exam. Along with the Study Guide, the FDP Institute provides unlimited access to Practice Questions and a Sample Exam to assist Candidates in developing their understanding of the FDP curriculum in preparation for the exam.

THE FDP CURRICULUM

The FDP curriculum materials and FDP Study Guide are the only preparation materials endorsed by the FDP Institute and are the Candidate's best source of information regarding content eligible for testing on the FDP exam. All the content on the FDP exam comes directly from the FDP curriculum readings.

FDP Curriculum Readings

The FDP curriculum comprises readings chosen for their clarity, depth, and synthesis of industry insights. The curriculum is revised regularly to incorporate relevant industry developments and the latest academic research. **The FDP Institute strongly encourages Candidates to ensure that they use the correct curriculum materials for the exam cycle in which they will be taking the exam.**

Please note that exam fees do **not** include the cost of the textbooks, which must be purchased from outside vendors. The FDP Institute strongly recommends that Candidates act early to obtain textbooks and readings to allow sufficient study time.

The FDP Institute will **not** allow an exam to be postponed due to late receipt of books and readings.

FDP Study Guide

The FDP Charter program is designed to facilitate self-directed learning for today's busy professionals. The FDP Study Guide provides an essential link between the curriculum and the exam and is organized to facilitate quick learning and easy retention.

The Study Guide is arranged according to FDP curriculum topics. For each reading, the Study Guide provides learning objectives and keywords that define the content eligible to be measured on the exam. The learning objectives and keywords are an important way for Candidates to organize their study, as they form the basis for exam questions. All learning objectives and keywords reflect content in the FDP curriculum, and all exam questions are written to directly address the learning objectives and keywords. A Candidate who can master all learning objectives and understand the keywords in the Study Guide should be well-prepared for the exam. **Candidates should know that each Study Guide is regularly updated for each specific exam and pertains only to a particular exam cycle.**

REGISTERING FOR AN EXAM

Determine Exam Availability

The FDP exam is administered via computer exclusively through our testing partner Prometric. Prometric offers test centers around the world and Remote Proctoring Testing (RPT) through ProProctor™, Prometric's remote proctor testing platform, which offers the opportunity to test from the comfort of a Candidate's home or office. Registered FDP Candidates have two options to take the Oct/Nov 2024 FDP Exam. The first option is to appear for the exam at a Prometric testing center and the second option is through Remote Proctor Testing. Please check the [FDP website](#) for details.

Register for an Exam

1. **By completing the exam registration process, the Candidate agrees with the [FDP Candidate and Charterholder Agreement](#)**

To protect the integrity of the FDP exam, Candidates are asked for identity verification and affirmation of professional conduct by providing a digital signature during the registration process.

2. **Purchase the exam.**

The program fees comprise a nonrefundable, one-time program enrollment fee and an exam registration fee (refundable only within the first 14 days of the date of purchase via an email to candidate@fdpinstitute.org). Information about exam fees can be found in the [FDP Fee Schedule](#). Candidates may purchase an exam with a credit card via the secure Affinipay site. The FDP Institute accepts American Express, Discover, MasterCard, and Visa.

Registration, Exam Dates, and Fees.

Exam registration is exam-specific and not open-ended. By registering for a single exam, a Candidate commits to a date and time-specific exam that cannot be postponed from one testing period to another, e.g. April exam registration cannot be changed to October. If a Candidate cannot sit for the exam for which the Candidate is currently registered, or if the Candidate does not pass, the Candidate automatically becomes eligible to retake the exam during any future exam session for a flat \$450 retake fee. Please contact us if you want to use the retake fee at candidate@fdpinstitute.org. Check the [Candidate Policy Manual](#) for details. Exam registrations cannot be transferred to other individuals.

3. **Schedule an exam appointment.**

Registered FDP Candidates have two options to take the Oct/Nov 2024 FDP Exam:

Option 1: At a Prometric Testing Center

Option 2: Through Remote Proctored Testing (RPT)

Online, remote exams are offered using Prometric's ProProctor™ application. For a remotely proctored exam, a Candidate must supply a computer with a camera, microphone, and an internet connection, and be able to install a lightweight app prior to the exam. Candidates can take the exam online while a Prometric proctor oversees the examination process remotely.

For the details: www.fdpinstitute.org/reserve-your-exam-seat

Once a Candidate has purchased an exam, the Candidate can schedule the exam appointment with our global testing provider, Prometric. Due to high volume, access to the Prometric site may take up to 12 hours. Only paid exam registrants can see and access the web page "[Reserve Your Exam Seat](#)".

Neither the FDP Institute nor Prometric can guarantee the availability of appointments at any test center for any given exam on a specific date. Test centers have limited capacity and appointment availability varies widely.

Appointments are on a first-come, first-served basis. If a Candidate's preferred location, time, and/or date is unavailable, it is solely the Candidate's responsibility to locate, and arrange for transportation to an alternative test center. Deferments are not allowed and will not be granted to Candidates who cannot sit for the exam due to failure to secure an exam appointment at either a physical or remote location or lack of availability of a valid visa or passport.

Note: Do not de-activate or delete your email in the Prometric exam reservation software. Communications regarding your exam appointment are shared via email.

Testing Accommodations

All requests for an exception to standard testing procedures must be completed and submitted prior to your exam appointment to ensure proper support. The request should be made **after registering and before scheduling an exam appointment** with the testing provider. Requests for reasonable testing accommodations can be completed and submitted [using this](#) Request for Reasonable Testing Accommodation(s) form. For more information about how to request testing accommodations, review the [Candidate Policy Manual](#) or [Prometric's Testing Accommodations](#) web page.

Religious/cultural items or apparel and items required for medical purposes must be visually inspected by the test administrator before being allowed into the testing room.

Accommodations for medical conditions will be considered upon presentation of documentation outlined in the Candidate Policy Manual at least six (6) weeks prior to the first day of the testing window for the exam you wish to take.

Canceling or Rescheduling an Exam Appointment

Should something unexpected come up that requires a Candidate to cancel or reschedule an exam, the following policies would form the basis for cancellation or rescheduling.

Cancellation Policy: Cancellation of an exam is required to be completed more than ten (10) days before the scheduled exam date/time. The advance notice makes an exam seat available to another potential examinee.

Rescheduling Policy: Exam appointments can be rescheduled to take place **only within the same examination window**. Appointments *cannot* be rescheduled or postponed to any future exam cycle. Reschedule at least ten (10) days before your original exam appointment. Rescheduling is subject to exam appointment availability and additional fees may apply.

A Candidate can modify, cancel, or reschedule an appointment by logging into <https://www.prometric.com/test-takers/search/fdpi>. Have your FDP Profile number available when you request rescheduling. Your FDP Profile Number is your eligibility number.

You will receive a confirmation email to verify that the rescheduling process is complete. If the online rescheduling does not work, please email us at candidate@fdpinstitute.org.

Keep in mind that appointments fill up quickly, and rescheduling can only be completed if there is an appointment available at your requested time/date/location.

Appointments cannot be rescheduled within ten (10) days before the original appointment. If you cannot keep your original appointment and have not rescheduled more than ten (10) days in advance, you will forfeit your enrollment and exam registration fees.

Candidates cannot reschedule for a future exam cycle. If you cannot sit for the exam you registered for, you will need to register to retake the exam during a future exam cycle. The fee for retaking an exam is US\$450, whether you have already taken the exam or not. Deferments are not allowed and will not be granted to Candidates who cannot sit for the exam due to failure to secure an exam appointment at either a physical or remote location or for lack of availability of a valid visa or passport.

Test Center Closings and Delayed Starting Times

Adverse conditions—such as extreme weather, a power failure, or a health crisis such as a pandemic—may make it necessary to cancel the administration of a test or to delay the beginning of testing for some time period.

- Do not call the FDP Institute or the Prometric test center to determine whether testing has been canceled or delayed. **If a test center has a cancellation or delay, Prometric will contact Candidates directly via email** to notify them of the cancellation or delay and reschedule their appointments as necessary.

Even when a test center is operating, technical problems or other circumstances beyond the test administrator's control occasionally require a delayed start or rescheduling of your exam.

- If such circumstances arise causing you to wait more than 30 minutes after your scheduled appointment time, or a restart delay lasts longer than 30 minutes, you will be given the choice of continuing to wait or rescheduling your appointment without an additional fee.
- If such circumstances result in the cancellation of your exam appointment, you will be offered the opportunity to either schedule another exam appointment free of charge or receive a refund of the original exam registration fee.

Covid-19 Policy

The FDP Institute (FDPI) contracts with Prometric to administer the FDP exam at testing centers owned and/or operated by Prometric. Candidates should review the [Prometric COVID-19 update](#), which describes how exam day procedures could be modified to increase safety measures due to the global COVID-19 pandemic as needed. View the general [COVID exam day procedures](#), which may vary slightly due to local requirements. Please refer to the [Candidate Policy Manual](#) for our complete COVID-19 policy.

STUDYING FOR THE EXAM

Preparation Time

Based on Candidate feedback, it is estimated that the FDP exam requires 200 hours or more of study time. However, individual study needs can vary significantly based on a Candidate's background. In addition, because the number of learning objectives and keywords in the Study Guide differ across topics, the amount of study time required per topic will vary widely.

Study Tools

Although Candidates set their own course of study, the FDP Institute provides Candidates with some free study tools, which are available through www.fdpinstitute.org.

Practice Questions and Sample Exam

Practice questions and a Sample Exam are available on the FDP website to assist with the study efforts. The set of practice questions contains more questions than the number of questions in the actual exam.

In addition to helping Candidates learn the topic material, the questions can also help Candidates to become familiar with the style and conventions used. An example of a simplifying convention is using the **natural logarithm to solve any problem requiring the calculation of a logarithm** on the exam. This convention is announced at the beginning of the sample exam and on the actual exam. This convention is also described in the Candidate Study Guide.

Upon registration, Candidates can access the Practice Questions and Sample Exam web pages. Always use a fresh link to access both. Changes to the Practice Questions will be noted in the Practice Questions and Sample Exam errata on the website.

Study Guide

Our Study Guide is organized to facilitate quick learning and easy retention. Each topic is structured around learning objectives and keywords that define the content eligible to be measured on the exam. The learning objectives and keywords are an important way for Candidates to organize their study, as they form the basis for exam questions. All learning objectives and keywords reflect content in the FDP curriculum, and all exam questions are written to directly address the learning objectives and keywords.

Occasionally, additional errors are brought to our attention. Errata will be posted on the Candidate Study Guide Errata page of the FDP website.

It is the responsibility of the Candidate to review these errata prior to taking the examination. Please report suspected errata to candidate@fdpinstitute.org.

Preparatory Program Providers

The FDP curriculum materials and FDP Study Guide are *the only* preparation materials endorsed by the FDP Institute and are the Candidate's best source of information regarding the content eligible to be tested on the FDP exam. Some Candidates also find it useful to augment their study of the FDP curriculum materials with [third-party preparatory programs](#). The FDP Institute neither endorses, promotes, reviews, or warrants the

accuracy of the courses, products, materials, and/or services offered by any third-party preparatory program provider of the FDP exam-related information, nor does it endorse any pass rates claimed by third-party preparatory program providers.

THE FDP EXAM

Exam Structure

The FDP examination, administered twice annually, is a four-hour computer-administered examination that is offered at test centers throughout the world. The FDP examination is comprised of 80 multiple-choice questions weighted 75% of the total points, and two to four constructed response questions (multi-part essay type) weighted 25% of the total points.

All FDP exam topics will be tested. As described in the FDP Study Guide, the FDP exam covers the following topics:

Topics	Approximate Weight %
1. Introduction to Data Science	5-10
2. Linear and Logistic Regression, Support Vector Machines, Regularization, and Time Series	10-15
3. Decision Trees, Supervised Segmentation, and Ensemble Methods	8-12
4. Classification, Clustering, and Naïve Bayes	8-12
5. Neural Networks and Reinforcement Learning	8-12
6. Performance Evaluation, Back-testing, and False Discoveries	5-10
7. Textual Analysis and Large Language Models	10-15
8. Ethics, Privacy, & Regulation	8-12
9. Fintech Applications	15-25

Every multiple-choice question within the FDP exam has the same weight. The different topic weightings are achieved by including more questions for the topics with higher weights and fewer questions for those with lower weights.

Equations

An equation list is **not** provided on the FDP exam. Candidates should be aware that all equations in the readings are important to understand. To maximize the probability of success on the exam, Candidates should be familiar with all equations. Please consult the list of action words that appears in the Study Guide. These action words appear in the learning objectives in the Study Guide and offer guidance regarding which equations must be memorized and which equations must be recognized when they appear on the test.

Example: If the LO states: "Recognize and Apply" means the formula will be given. Apply or calculate without "Recognize" means the formula must be memorized.

Calculators

The use of a physical calculator is prohibited. A scientific calculator is provided in the testing software. A [tutorial](#) is available for the FDP Candidates to familiarize themselves with the scientific calculator. See Appendix D for details.

Multiple-Choice Questions

- Every multiple-choice question of the FDP exam has the same point value (weight).
- Multiple-choice questions have three or four answer choices and ask for the BEST answer to the question.
- Some questions are presented in *item sets*. In an item set, a scenario or vignette is presented, followed by several questions related to that scenario or vignette.
- Multiple-choice questions for each exam topic will appear only in the first section of the exam. Within each section, all questions from a topic are grouped together. The first section has a duration of two hours and fifteen minutes. All constructed response questions appear in the second section of the exam. The second section has a duration of sixty-five minutes. An optional break of twenty minutes is available between the sections.
- Candidates are advised **not** to leave any questions unanswered, as there is no penalty for guessing, and a question left unanswered will automatically be counted as incorrect.
- Candidates are **not** expected to memorize specific performance data (e.g., that a strategy based on a machine learning algorithm generates x% return or risk).

Constructed-Response (Essay-Type) Questions

- Constructed-response questions may cover any of the exam topics.
- Constructed-response questions will be presented in two to three parts, with each part having a stated points value (weight).
- Any one part of a constructed-response question can usually be answered in one or two paragraphs. Responses to the constructed-response questions need not be full sentences.
- Since the FDP exam is administered on a computer, Candidates must type their responses to the constructed-response questions.
- Candidates will **not** be asked to draw pictures or tables as part of their responses to the constructed-response questions.
- Candidates will **not** be penalized for incorrect grammar and spelling.
- When a constructed-response question asks for a specific number of examples, Candidates will be scored on only that number of examples. Thus, if a constructed-response question asks for a list of three examples, Candidates will be scored on only the first three examples provided. Any examples provided beyond the first three will not be scored.
- Constructed-response questions ask for specific types of responses, such as descriptions, calculations, or arguments. Candidates should tailor their responses to meet the requirements of the question.
- Each part of a constructed-response question indicates the maximum points a Candidate can earn for that part. If a Candidate provides an incomplete or partially correct answer, he or she will receive less than the maximum points for that part.
- Responses to the constructed-response questions must be a Candidate's own work and not copied or adapted from any other source.

- You must stay within webcam view.
- You cannot get up and walk around.
- No one can enter your testing environment.

EXAM SESSION

The exam session is divided into several parts, as described below. Testing must begin once you are seated at the computer. Each session begins with an administration period, during which you will be presented with a Nondisclosure Agreement and instructions explaining how to navigate the exam. To preview the Nondisclosure Agreement and exam instructions, see Appendix C of this handbook.

The exam is divided into two (2) sections, separated by an optional break. During each section, the allotted time for the section will appear in the upper right portion of your exam screen and will count down to zero by seconds. Once the allotted time for a section has expired, you will not be able to return to that section to change or submit answers.

Candidate Confirmation Details	2 minutes
Nondisclosure Agreement (must be completed within 5 minutes) *	5 minutes
Exam Instructions	10 minutes
FDP Multiple-Choice Questions	135 minutes
Break (optional)	20 minutes
FDP Constructed Response Questions	65 minutes
End of Exam Message	2 minutes
Total Exam Session Time (approximately)	4 hours

** If you do **not** agree to the Nondisclosure Agreement within the specified time limit of 5 minutes, you will not be permitted to take the test, and you will forfeit your exam registration fee.*

Candidates may pace themselves as they wish within each section, and they may answer questions within a section in any order they choose. Candidates have different strategies for managing their exam time. One strategy is to work quickly through a section, completing questions that the Candidate is confident on and flagging others for later review. The Candidate can then go back and work through flagged questions with the remaining time. You may have other strategies with which you are comfortable; use the strategy that works best for you.

Flagging Questions for Review or Comment

The exam software provides Candidates with the option to flag exam questions for two different purposes: for later review and for comment. All of the features below can be tested and practiced in the FDP [tutorial](#).

Flagging for Later Review

This function allows the Candidate to identify questions to return to in order to verify or change a response. You can flag a question as a reminder to go back and check your answer or attempt it later. To flag a question, click the Flag button displayed at the bottom of the exam screen. Any questions that are flagged for review will show a flag icon on

the numbered button. Click the Flag button again to remove the flag. You may review the flagged questions, unanswered questions, all questions, or no questions.

Your review of questions must be completed during the allotted section time. Once you have closed the section or the allotted time expires, no more revisions can be made to any answers in that section.

Flagging for Comment

You can flag a question as a reminder to go back and check your answer or attempt it later. To flag a question, click the Flag button displayed at the bottom of the exam screen.

Any questions that are flagged for review will show a flag icon on the numbered button. Click the Flag button again to remove the flag.

During the examination, you will have the opportunity to give feedback to each question presented to you.

To comment on a question, click the Comment button displayed at the bottom of the exam screen. Then proceed to type the comment in the pop-up window, or remove the comment if necessary.

Please make sure your comment is relevant to the question you are viewing. Comments intended to challenge questions should provide the problematic details.

Please note that Candidate comments added to a specific exam item are reviewed in aggregate along with performance metrics, and individual comments will not be responded to directly.

Please note that providing feedback is optional. **The examination timer will continue to run while comments are being entered.** Comments will **not** affect the scoring of your exam.

The FDP Institute uses this feedback to improve its exams.

Assistance During the Exam Session at a Prometric Test Center

Breaks

Breaks During the Exam Session at a Prometric Test Center.

You must obtain the test administrator's permission to leave the testing room for any reason. A security check will be performed every time you leave or enter the testing room.

During all breaks (scheduled or unscheduled), you may not communicate about the exam or its contents with any other person, either in person or by telephone or electronic means, except for test administrators.

Scheduled Break

An optional 20-minute break is scheduled between section 1 and 2 of the exam. If you exceed the time allowed for the optional break, the extra time will be deducted from your time for section 2.

During the scheduled break, you are generally permitted to leave the test center building, though this policy may vary among test centers. It is your responsibility to ask the test administrator where to find approved restrooms, food, and drink vending areas, or smoking areas. Access to materials in your locker will be permitted, but you must place all materials back in your locker prior to reentering the testing room. Please note that notes and other study materials are not permitted in the test center. If you violate test center policies, the administrator may refuse to allow you to reenter the testing room to continue your exam.

Unscheduled Break

You may take unscheduled breaks while you are working on an exam section. During these breaks, you will **not** be permitted to access any materials in your locker, nor are you permitted to leave the test center building. You forfeit all the exam time you spend on an unscheduled break.

Unscheduled breaks are not permitted during the ProProctor™ exam.

Check-out

Check-out following your exam at a Prometric test center

When you have completed your exam, raise your hand to notify the test administrator, who will collect your erasable noteboard and marker, ensure that your exam has ended, and dismiss you from the testing room.

Upon exiting the testing room, you will be given a receipt that verifies that you sat for and submitted an exam on the day of your appointment. The receipt will provide information about when you should expect to receive exam results.

Check out During the ProProctor™ Exam Session

When you have completed your exam, raise your hand and or call out for the Proctor, remind them it is the FDP Institute's policy that you rip up your note paper while on camera. The Proctor will then end your exam session. You will receive a receipt that verifies that you sat for and submitted an exam on the day of your appointment. The receipt will provide information about when you should expect to receive exam results.

Note: If the Proctor did not witness you ripping up your exam notes please email the FDP Institute at candidate@fdpinstitute.org.

MISCONDUCT AND CAUSES FOR DISMISSAL

Misconduct and disruptive behavior in any form will not be tolerated. The test administrator has sole discretion in determining what constitutes disruptive behavior and may intervene to stop any disruptive, unusual, suspicious, or otherwise questionable behavior.

Any disruptive, unusual, suspicious, or otherwise questionable behavior will be reported to the FDP Institute. The FDP Institute investigates all irregular reports. In addition, the FDP Institute performs data analysis to identify potential test fraud, including cheating and theft of intellectual property.

The test administrator is authorized to dismiss you from a test session for various reasons, including but not limited to providing false information; attempting to take the test for someone else; failing to provide acceptable identification; possessing unauthorized personal items, study materials, or testing aids; refusing to comply with an administrator's reasonable requests; giving or receiving unauthorized help; attempting to tamper with the operation of the computer; improper communication, including removal of test content from the test center in any form; refusing to follow directions; or failing to adhere to any other FDPI or Prometric procedure, policy, or rule. See the [FDP Examination Misconduct and Confidentiality Policy](#) for more information.

Reporting Misconduct at a Test Center

The FDP exam is administered under strict supervision and security measures. However, some Candidates may disregard the rules in an attempt to gain an unfair advantage. You must report any questionable behavior to the test administrator or Prometric, such as another Candidate receiving assistance or copying from another Candidate, taking an exam for someone else, using notes or unauthorized aids, or attempting to record or otherwise capture exam questions.

If you witness misconduct, either inside or outside a test center, you may report it by sending an email to misconduct@fdpinstitute.org.

AFTER EXAM DAY

Test Administration Concerns

If you have any concerns or questions about the manner in which the test center or its test proctors administered the exam, please report them to the FDP Institute (candidate@fdpinstitute.org) as soon as possible. Your report should include a thorough description of the incident, including date, test center, type of incident, names of individuals involved, and your contact information, so that the FDP Institute can follow up with you if needed.

Please allow two to three weeks from the receipt of your email for any response.

Exam Scoring

The FDP Institute benchmarks Candidate scores using all Candidates who sat for the exam in the current exam cycle; therefore, scoring cannot begin until the exam window has closed.

FDP examination staff members review all questions before and after each exam, looking for irregularities. There have been cases in which examination staff, after finding what was believed to be sufficiently ambiguous, removed a particular question from the scoring of the exam.

The FDP Institute does not have a target rate for success. Setting the minimum passing score is one of the most difficult decisions to make. The FDP Institute is aware of the fine line that exists between being fair to those who invest time in preparing for these exams on the one hand and ensuring the program's integrity on the other. Candidates who earn 70% or more of the total points are assured of passing the exam. However, because the FDP Institute compares each Candidate's score against the average exam score, there is the potential for a curve, which would effectively move the passing score below 70%.

The FDP Institute does NOT release information regarding the passing score.

Exam Results

FDP exam results are usually released within five weeks of the last examination day. You are encouraged to keep your contact information up to date to ensure the timely receipt of your exam results. Information regarding Candidates' exam performance is strictly confidential.

The FDP Institute does NOT release Candidates' actual scores to anyone, including the Candidates themselves.

Although the FDP Institute makes a distinction between passing and failing scores, the FDP Institute does not attach meaning to the relative ranking of Candidate scores. The performance of each Candidate is measured against a specific standard of performance. Candidates who meet or exceed that standard pass the exam, and those who do not meet that standard fail the exam. There is no such thing as a high pass, a low pass, or a high failure. Releasing individual Candidate scores would wrongly lead to such a ranking.

Candidate Performance Report

Candidates will receive their results in the form of a Candidate Performance Report. The FDP Candidate Performance Report aids in self-assessment by indicating a Candidate's areas of relative strength and weakness among the topics in the exam compared to their peers.

For each topic, your relative performance is determined by comparing your performance to the average score of the Just Qualified Candidates by section, and categorized as either Above, Below or Equal. The Just Qualified Candidates' average score is essentially a scaled score that is usually lower than the unscaled average.

For example, if your relative performance in the topic of Classification, Clustering, and Naïve Bayes was "Below," it means that your score in that topic was lower than the average of all the Just Qualified Candidates' scores in that topic.

If you did not pass, in planning your studies for retaking the exam, you may want to pay special attention to topics in which your performance was categorized as "Below".

Remember that each category represents a range of scores. The relative weights of each topic vary, so some topics contribute more to the total score than others. The examination weights listed in the last column of the table provide information regarding the proportional representation of each topic on the FDP exam.

Sample Candidate Performance Report

FDP Candidate Performance Report
 Candidate Name: ##### Candidate
 ID: #####
 Exam Cycle: April 2024 Overall
 Result: Pass

Dear #####,

On behalf of the FDP Institute, let me be the first to congratulate you on passing the FDP examination. The FDP examination represents the final assessment phase of the program. Of those who appeared for the FDP examination in April 2024, ###.###% were successful in passing.

Below is a performance profile developed for you to aid in self-assessment by indicating your areas of relative strength and weakness compared to a reference group. This reference group is composed of Candidates who took the FDP examination in April 2024. To create your profile, your performance by topics was compared to the reference group and was categorized into relative performance levels to reflect the distance between your performance and that of other Candidates. More information on how to interpret this Candidate Performance Report is available in the FDP Candidate Handbook.

Note that your pass status is determined by your performance on the entire examination rather than by your performance on each topic.

FDP Examination Topics	Relative Performance Level*
1. Introduction to Data Science	Above
2. Linear and logistic regression, support vector machines, regularization, and time series	Above
3. Decision trees, supervised segmentation, and ensemble methods	Above
4. Classification, clustering, and Naive Bayes	Equal
5. Neural networks and reinforcement learning	Equal
6. Performance evaluation, back-testing, and false discoveries	Below
7. Textual Analysis and Large Language Models	Above
8. Ethics, Privacy, & Regulation	Above
9. Fintech Applications	Above

*Relative performance levels are based on the average score of the Just Qualified Candidates for a given topic. "Equal" is assigned when a Candidate's score in a topic is within 5% of the average score of the Just Qualified Candidates for that topic. It is important to note that "Above" and "Below" does not indicate how far above or below a Candidate's score is from the average score of the Just Qualified Candidates.

This detailed performance profile is provided for your reference only. Examinations are analyzed by Candidate number only, and all results are kept confidential. Candidates' actual scores are not released.

Again, my congratulations, and I look forward to your future participation in the FDP Institute.

 Director of Examinations

Interpreting Your Candidate Performance Report

A Candidate's pass/fail status is determined by the Candidate's overall exam score. Candidates do not pass or fail individual topics. See the sample interpretations below for more information on how to interpret the FDP Candidate Performance Report. Please note that these samples are based on the most current version of the Candidate Performance Report.

Interpretation of Sample Candidate Performance Report

FDP Exam – Example 1 (Pass)

This profile represents a Candidate who passed the FDP examination. Note that strong performance in one area can offset weaker performance in other areas. Note also that some topics comprise higher relative weights and thus count more toward the overall decision. This profile illustrates that an overall test result of "Pass" does not necessarily indicate that a Candidate was strong in all topics.

FDP Examination Topics	Relative Performance Level*
1. Introduction to Data Science	Above
2. Linear and logistic regression, support vector machines, regularization, and time series	Above
3. Decision trees, supervised segmentation, and ensemble methods	Above
4. Classification, clustering, and Naïve Bayes	Equal
5. Neural networks and reinforcement learning	Equal
6. Performance evaluation, back-testing, and false	Below
7. Textual analysis and Large Language Models	Above
8. Ethics, privacy, & regulation	Above
9. Fintech Applications	Above

FDP Exam – Example 2 (Fail)

This profile represents a Candidate who failed the FDP examination. The Candidate's stronger relative performance in the Text Mining and Classification, clustering, and Naïve Bayes topic was not enough to overcome relatively weaker performance in other areas. Note that some topics comprise higher relative weights and thus count more toward the overall decision. This profile illustrates that an overall test result of "Fail" does not necessarily indicate that a Candidate was weak in all topics.

FDP Exam – Example 2 (Fail)

FDP Examination Topics	Relative Performance Level*
1. Introduction to Data Science	Below
2. Linear and logistic regression, support vector machines, regularization, and time series	Below
3. Decision trees, supervised segmentation, and ensemble methods	Above
4. Classification, clustering, and Naive Bayes	Equal
5. Neural networks and reinforcement learning	Below
6. Performance evaluation, back-testing, and false	Below
7. Textual analysis and Large Language Models	Below
8. Ethics, privacy, & regulation	Below
9. Fintech Applications	Equal

Score Review

Candidates with questions about the scoring of their exams can request a score review after receiving their Candidate Performance Report. This means that the points earned in each part of the exam will be manually checked and matched against the reported score; it does **not** mean that the questions will be graded again. The fee for the score review option is US\$100. Requests for a score review must be submitted to candidate@fdpinstitute.org within 30 days of receiving the Candidate Performance Report. Please note that all exam materials are the property of the FDP Institute and will not be released.

Exam Retakes

Those not successful in passing the FDP exam, or those who do not attend a scheduled exam appointment, may retake the exam for a reduced fee. Please contact us at candidate@fdpinstitute.org if you would like to retake the exam.

Becoming an FDP Charterholder

Candidates will earn their FDP Charter once they pass the FDP exam, submit the certificates of completion for the online class requirements, and submit the signed Code of Ethics along with two professional references. FDP Charterholders who remain in good standing with the FDP Charterholder Code of Ethics, have the right to use the FDP designation.

The FDP Institute has committed to there being no fees to maintain your FDP Charterholder status.

If the individual is physically unable to accept the Terms by completing the registration process for any reason, the Individual may direct a third party to complete that process on the Individual's behalf, provided, however, that the decision to accept the Terms shall be that of the Individual and further provided that FDPI has no obligation or responsibility to confirm that the Individual authorized a third party to complete the registration process on the Individual's behalf.

Any action or proceeding seeking to enforce any provision or based on any right arising out of this Agreement may be brought in the courts of the State of New York, and each of the parties consents to the jurisdiction of such courts and of the appropriate appellate courts in any such action or proceeding and waive any objection to venue laid therein.

Process in any action or proceeding referred to in the preceding sentence may be served on any party anywhere in the world. The Individual waives any defense of inconvenient forum to the maintenance of any action or proceeding so brought. This Agreement may be amended only by a modification to the Candidate Policy Manual and/or the Charterholder Policy Manual by FDPI, or otherwise by a writing executed by both parties.

The invalidity or unenforceability of any of these Terms, including those documents incorporated herein by reference, shall not affect the validity or enforceability of any other Terms hereof, which shall remain in full force and effect.

By payment of the registration and examination fee, I am accepting and agreeing to the above terms. If I do not accept, I understand that I will not be able to proceed with registration.

The Individual's obligation to maintain the confidentiality of the Protected Information shall survive until such Protected Information is no longer considered a trade secret by FDPI. Each Individual recognizes the irreparable injury that might result to the business of FDPI if the Individual should breach this Examination Misconduct and Confidentiality Policy. Each Individual further recognizes that monetary damages will be inadequate for such Individual's breach of this policy. In addition to any legal remedies FDPI may have, FDPI shall be entitled to injunctive relief and such other equitable remedies as a court of competent jurisdiction may deem appropriate, without the requirement to post any bond in connection therewith.

Ownership and Use of Exam-Related-Materials. FDPI is the copyright owner of FDP core curriculum materials, FDP Study Guides (including learning outcome statements) and FDP Sample Questions (collectively, the "Exam-Related Materials"). Upon registration for FDP Examination, Candidates have a revocable, non-exclusive, non-transferrable license to use these Exam-Related Materials for their own examination preparation only. Candidates may not copy, alter, distribute, display, perform, share, email, or post these Exam-Related Materials without prior written permission from FDPI.
